

BioGraph Solutions is a spin-off of the University of Castilla-La Mancha.

This institution has a gender equality plan that includes the entities in which it participates.

As CEO of Biograph Solutions I confirm that the plan is applicable in our company, according to the authorisation of the Rector's deputy for gender equality policies.

Dear Sirs

The UCLM's gender equality plan can be applied to ***the company Biograph Solutions***, promoted unions legitimized by professors of this university, and in which the UCLM itself is part of the executive board.

The initiatives of the university's plan will be applied to the full extent in the company in accordance with the will of its founders.

For all the above and for the appropriate purposes.
